We want to keep you smiling

About Dr Bhavin Patel

Bhavin qualified from St Bartholomew's and The Royal London School of Medicine and Dentistry, University of London in 2006. He graduated with Distinctions in every part of the BDS undergraduate course obtaining Honours and being the Proxime accessit to the prestigious University of London Gold Medal.

After completing Vocational Training here, he obtained a Senior House Officer post in Oral and Maxillo-Facial Surgery at Bart's Health Trust Hospitals.

During these rotations he performed complex surgical dentistry under local and general anaesthesia in elective and accident and emergency situations. Bhavin also gained a Speciality Doctor position in Oral & Maxillo-Facial Surgery which he did part time when coming back into general practice where he operated and supervised junior members of the team at Whipps Cross Hospital.

Bhavin furthered his training as a Senior House Officer in Restorative dentistry at The Royal London Dental Hospital. This post furthered his experience and skill in endodontics (root canal therapy), prosthodontics (crown, bridges and dentures), periodontology (gum treatment), oral medicine and emergency dental care. During this rotation he also provided treatment under sedation for special needs and dental phobic patients.

Bhavin has achieved the academic Diploma for Membership of the Joint Dental Faculties of The Royal College of Surgeons of England and went on to be a lecturer

Dr Bhavin Patel BDS(Hons) Lond Dip.MJDF MFDS RCS (Eng) AssocFCGDent Dip.Imp Dent RCSEd, Certificate in Advanced Operative Aesthetic and Restorative Dentistry, Member of the International Team of Implantology (ITI), Dip. Coaching, Mentoring & Education

for the examination and honorary clinical lecturer at The Royal London. He holds Memberships to the Faculty of Dental Surgery of the Royal College of Surgeons of England and also now an Associate Fellow of the College of General Dentistry.

He has carried out various courses here and internationally on Implant dentistry and has gained the Diplomate in Implant Dentistry from the prestigious Royal College of Surgeons of Edinburgh. He takes referrals for implants and the more complex surgical extractions. Bhavin's interest is in Cosmetic and General Dentistry as well as surgical and Implant therapy. He has been with our team here for 18 years now and is with us Wednesdays and Thursdays.

Implant & Oral Surgery Information

Here at Woodford Dental Care, our aim is to always preserve your natural teeth for as long as we can, however when a tooth needs to be removed, we want to be able to provide you with a process that is as quick, easy and pain free as possible. Therefore, we do provide a referral service within the practice for surgical removals for the more complicated extractions

Once a tooth is lost the next best thing to having your own tooth is a Dental Implant. An implant is a titanium fixture that is placed within the bone to anchor missing teeth. It does require there to be enough bone in the area to support this and the quality of bone has to be sufficient.

Bhavin can discuss these options with you a little further as well as the alternative solutions possible. If needed, he can also arrange for you to be seen at one of our partnering referral clinics where more invasive treatment, if necessary, can be planned and carried out. We will endeavour to complete as much as we can here ensuring a seamless process where possible.

The below is just a guide and a more detailed plan and estimate will be provided prior to any treatment being completed. Please do not hesitate to discuss this with your dentist or any of our staff for further information.

- ✓ Discussion of Options and Initial Consultation (Surgical extractions/Wisdom teeth problems or missing teeth solutions 30mins) – **£80**

- ✓ Extractions on referral **£390**

- ✓ Surgical Wisdom Teeth extraction - **£390 - £550**

Dr Bhavin Patel BDS(Hons) Lond Dip.MJDF MFDS RCS (Eng) AssocFCGDent Dip.Imp Dent RCSEd, Certificate in Advanced Operative Aesthetic and Restorative Dentistry, Member of the International Team of Implantology (ITI), Dip. Coaching, Mentoring & Education
