

Orthodontic Referrals

Woodford Dental Care is pleased to be able to offer the services of Specialist Orthodontist Dr Arun Madahar BDS MFGDP MFDSRCS MClintDent MOrthRCS, Specialist in Orthodontics (GDC 68405).

Experience

Arun graduated from the University of Sheffield with BDS in 1992. He gained extensive experience in general dental practice and continuing professional development from 1992 – 2009. Between 2009 – 2012 he worked in Hospital house officer posts in Oral and Maxillofacial surgery and Paediatric Dentistry. He then completed his specialist training in orthodontics and the Royal London Hospital. Arun is a member of the Royal College of Surgeons Edinburgh, British Orthodontic Society and British Dental Society. Arun has also completed training in the Invisalign system.

Referral Criteria

Patients ideally should be free of active caries and be periodontally stable. Patients should be under regular or are starting to be under regular care of their GDP and hygienist.

Suitability for orthodontic treatment will be determined initially by way of consultation with Dr Madahar. This will involve an initial complete orthodontic assessment and assessment of any radiographs sent with the referral. Further records involving radiographs, photographs and models will be carried out if patients want to explore or proceed with an orthodontic treatment to treat their malocclusion.

Scope of Practice

Comprehensive assessment, report and provision of orthodontic treatment:

- Fixed metal or ceramic braces. Standard edgewise brackets and self-ligating Damon Brackets
- Removable braces
- Functional appliances (fixed and removable)
- Invisalign system
- Bonded and removable retainers

To refer:

Please complete the orthodontic referral form and email to woodforddentalcare@soegateway.com. You will be kept fully informed of your patient's progress.
